DIRECTORIES AND REFERENCE MEDIA STANDARDS OF PRACTICE

ADOPTED BY THE DIRECTORY AND REFERENCE
MEDIA DEPARTMENTAL OF THE ADVERTISING
FEDERATION OF AMERICA

The publisher of a Directory or Reference Medium should dedicate his best efforts to the cause of business uplift and social service, and to this end should pledge himself:

1. To consider, first, the interests of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all Departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under such headings as best describe it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what directories and reference media contain; to study public needs and make directories and reference media to supply them; to revise and standardize methods and classifications so that what is wanted may be most easily found, and the directory and reference media be made to serve their fullest use as business and social reference books and directories of buyer to seller and seller to his market.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publication.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers as well as on the number of copies circulated.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of directories and reference media in public service and then to strive in every legitimate way to promote that function.

DIRECTORIES AND REFERENCE MEDIA STANDARDS OF PRACTICE

ADOPTED BY THE DIRECTORY AND REFERENCE
MEDIA DEPARTMENTAL OF THE ADVERTISING
FEDERATION OF AMERICA

The publisher of a Directory or Reference Medium should dedicate his best efforts to the cause of business uplift and social service, and to this end should pledge himself:

1. To consider, first, the interests of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all Departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under such headings as best describe it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what directories and reference media contain; to study public needs and make directories and reference media to supply them; to revise and standardize methods and classifications so that what is wanted may be most easily found, and the directory and reference media be made to serve their fullest use as business and social reference books and directories of buyer to seller and seller to his market.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publication.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers as well as on the number of copies circulated.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of directories and reference media in public service and then to strive in every legitimate way to promote that function.

Common Sense

About City Directory Circulation

The true value of advertising circulation is *circulation consulted*.

To be exact by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.

To be conservative we will eliminate the sixty Sundays and Holidays when no tests were made.

For every thousand directories sold there will be an average of three and one-half daily consultations for each book for *three hundred and five days*, therefore—

$$1000 \times 3\frac{1}{2} \times 305 =$$

1,067,500

in the City Directory renew their contracts

enough why your advertise-

DIRECTORIES AND REFERENCE MEDIA STANDARDS OF PRACTICE

ADOPTED BY THE DIRECTORY AND REFERENCE
MEDIA DEPARTMENTAL OF THE ADVERTISING
FEDERATION OF AMERICA

*The publisher of a Directory or Reference Medium should
dedicate his best efforts to the cause of business uplift and
social service, and to this end should pledge himself:*

1. To consider, first, the interests of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all Departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under such headings as best describe it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what directories and reference media contain; to study public needs and make directories and reference media to supply them; to revise and standardize methods and classifications so that what is wanted may be most easily found, and the directory and reference media be made to serve their fullest use as business and social reference books and directories of buyer to seller and seller to his market.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publication.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers as well as on the number of copies circulated.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of directories and reference media in public service and then to strive in every legitimate way to promote that function.
